Problem Reported:

System would not power up.

Cost of Services Rendered:

Labor Cost:	\$	xx.xx
Material Cost:	\$	xx.xx

Total Cost:	\$	xxx.xx

Services Performed:

Power up problem was due to a failing power supply. A new power supply was ordered and installed. System was checked for power up issues and appeared normal. Norton System Works windows repair was run to clean up registry problems etc. 317 problems were corrected. Disk clean up and Disk Defragmenter was run also.

The anti-virus software is out of date, so I did not connect to the internet to update the Microsoft products.
